

CharzPe Legal Information

App Name: CharzPe

Owner: P2P Energy Trading Private Limited

Business: Peer-to-peer energy marketplace for buying and selling energy across participating DISCOMs in India

Last Updated: June 24, 2026

Privacy Policy

This Privacy Policy explains how **P2P Energy Trading Private Limited**, owner and operator of the **CharzPe** app, collects, uses, stores, shares, and protects user information.

For the purpose of this Privacy Policy, the terms “**we**,” “**us**,” “**our**,” “**Company**,” and “**CharzPe**” shall mean **P2P Energy Trading Private Limited**. The terms “**you**,” “**your**,” “**user**,” “**customer**,” “**buyer**,” “**seller**,” “**prosumer**,” or “**marketplace participant**” shall mean any individual, business, institution, housing society, energy asset owner, or authorised representative using the CharzPe app or services.

By accessing, registering on, or using the CharzPe app, website, dashboard, or related services, you agree to the collection and use of your information in accordance with this Privacy Policy.

1. Information We Collect

We may collect the following information from users:

Personal and Contact Information

- Name
- Mobile number
- Email address
- Residential, commercial, or business address
- Identity and KYC details
- PAN, GSTIN, business registration details, where applicable
- Bank account, UPI, or payment-related information

Electricity and Energy-Related Information

- DISCOM name
- Consumer number
- Meter number
- Meter category
- Sanctioned load
- Connection type
- Electricity consumption data
- Energy generation data
- Rooftop solar, battery, EV charger, or other energy asset details

- Energy injection, drawal, settlement, and billing data
- Transaction history, bids, offers, invoices, payouts, and marketplace activity

Device and Technical Information

- Device ID
- IP address
- App version
- Browser type
- Operating system
- Location data, where permitted
- Usage logs, cookies, analytics identifiers, and app activity data

Support and Communication Information

- Customer support requests
- Complaints
- Feedback
- Emails, calls, WhatsApp messages, chatbot interactions, and other communications with us

2. How We Use Your Information

We may use your information for the following purposes:

- To create, verify, and manage your CharzPe account
- To onboard users for buying or selling energy on the CharzPe marketplace
- To verify your DISCOM connection, meter details, identity, payment details, and eligibility
- To facilitate energy discovery, bids, offers, matching, scheduling, settlement, invoicing, and reporting
- To process payments, refunds, seller payouts, invoices, taxes, and transaction records
- To provide dashboards, usage insights, energy reports, generation reports, alerts, and transaction summaries
- To communicate service updates, transaction updates, support responses, and regulatory or operational notices
- To prevent fraud, unauthorised access, misuse, market manipulation, or security incidents
- To comply with applicable law, regulatory requirements, DISCOM processes, tax obligations, audit requirements, or directions from competent authorities
- To improve our services, app performance, user experience, marketplace operations, and product features

3. Sharing of Information

We may share your information with the following parties, only as required for providing our

services, complying with law, or operating the marketplace:

- DISCOMs and electricity distribution companies
- Electricity regulators, government authorities, and statutory bodies
- Load despatch centres, settlement agencies, or energy accounting agencies
- Payment gateways, banks, escrow partners, and financial institutions
- KYC, identity verification, and document verification service providers
- Metering, IoT, inverter, solar, battery, EV charging, and energy data service providers
- Cloud hosting, analytics, communication, CRM, and customer-support vendors
- Legal, tax, audit, accounting, and compliance advisors
- Courts, regulators, law enforcement agencies, or government authorities, where required by law

We do not sell your personal data to advertisers.

4. Data Retention

We retain your information for as long as necessary to provide CharzPe services, complete energy transactions, comply with legal and regulatory obligations, resolve disputes, maintain tax and accounting records, prevent fraud, and enforce our agreements.

Energy transaction records, invoices, payment records, KYC records, metering data, and settlement records may be retained for longer periods where required under applicable law, DISCOM rules, regulatory directions, tax laws, or audit requirements.

5. Data Security

We use reasonable technical and organisational safeguards to protect your information from unauthorised access, misuse, loss, alteration, or disclosure.

However, no digital platform, internet transmission, storage system, payment system, or communication channel is completely secure. Users are responsible for keeping their devices, login credentials, passwords, and OTPs secure.

6. User Rights

Subject to applicable law, you may request to:

- Access your personal information
- Correct inaccurate or incomplete information
- Withdraw consent for optional processing
- Request deletion of personal information, subject to legal, regulatory, contractual, settlement, and audit requirements
- Raise a grievance regarding processing of your personal data

To exercise these rights, you may contact us using the details provided in the “Contact Us” section below.

7. Cookies and Analytics

The CharzPe website and app may use cookies, SDKs, pixels, analytics tools, and similar technologies to improve user experience, understand app usage, enhance security, and improve our services.

You may disable cookies through your browser or device settings, but some features of the app or website may not function properly.

8. Changes to Privacy Policy

We may update this Privacy Policy from time to time. The updated Privacy Policy will be posted on the CharzPe app or website with the revised “Last Updated” date.

Continued use of CharzPe after any update shall mean that you have accepted the updated Privacy Policy.

Terms & Conditions

These Terms & Conditions govern your access to and use of the CharzPe app, website, dashboard, marketplace, and related services.

For the purpose of these Terms & Conditions, the terms “we,” “us,” “our,” “Company,” and “CharzPe” shall mean **P2P Energy Trading Private Limited**, having its registered office at: **FF-8O, First Floor, Block-B, Spectrum Metro Mall, Sector-75, Noida, Gautambuddha Nagar, Uttar Pradesh, 201301**

The terms “you,” “your,” “user,” “customer,” “buyer,” “seller,” “prosumer,” “consumer,” or “marketplace participant” shall mean any individual, business, housing society, institution, energy asset owner, or authorised representative accessing or using CharzPe.

By accessing, registering on, or using CharzPe, you agree to be bound by these Terms & Conditions.

1. Nature of Services

CharzPe is a digital platform that enables eligible users to participate in a peer-to-peer energy marketplace in India. The platform may allow users to buy, sell, discover, schedule, monitor, and settle energy transactions across participating DISCOMs, subject to applicable laws, regulatory approvals, DISCOM rules, metering arrangements, and grid conditions.

CharzPe may provide services including:

- User onboarding for energy buyers and sellers
- Registration of consumers, prosumers, generators, rooftop solar owners, EV charging operators, commercial users, residential users, and other eligible participants
- Display of energy availability, demand, pricing, bids, offers, and transaction status ●

Facilitation of energy transaction requests, matching, confirmations, and settlement workflows

- Integration with DISCOMs, meter data systems, payment gateways, energy management systems, and other authorised third-party systems
- Dashboards, alerts, invoices, energy statements, transaction summaries, and analytics

CharzPe is a technology platform. Unless specifically authorised under applicable law, CharzPe does not itself act as a distribution licensee, transmission licensee, electricity trader, generator, or supplier of electricity.

2. Eligibility

You may use CharzPe only if:

- You are legally competent to enter into contracts under Indian law • You provide accurate and complete information during registration
- You are an eligible consumer, prosumer, generator, business, institution, housing society, or authorised representative
- You hold or are able to obtain all approvals, registrations, permissions, consents, net-metering approvals, open access permissions, or DISCOM approvals required for participation
- Your electricity connection, meter, solar plant, battery, EV charger, or energy asset is legally installed, commissioned, and compliant with applicable technical and safety standards

We may reject, suspend, or terminate your account if your eligibility cannot be verified or if your participation violates applicable law, DISCOM rules, marketplace policies, or regulatory requirements.

3. User Account and Registration

To use CharzPe, you may be required to create an account and provide details including name, mobile number, email address, address, consumer number, DISCOM name, meter details, sanctioned load, payment details, KYC documents, GST details, business details, and energy asset details.

You are responsible for maintaining the confidentiality of your login credentials, passwords, OTPs, and account access.

Any activity conducted through your account will be considered authorised by you unless you immediately notify us of unauthorised access.

4. Buyer Obligations

If you use CharzPe to buy energy, you agree that:

- You will provide accurate demand, location, DISCOM, meter, and payment details •

You understand that actual delivery, accounting, adjustment, or settlement of energy may depend on grid conditions, DISCOM processes, regulatory approvals, and meter readings

- You will pay all applicable charges, including energy charges, platform fees, DISCOM charges, wheeling charges, banking charges, cross-subsidy surcharge, additional surcharge, taxes, duties, payment gateway charges, or any other applicable amount •
- You will not submit false, fraudulent, speculative, or automated purchase requests

5. Seller Obligations

If you use CharzPe to sell energy, you agree that:

- You have the legal right to inject, sell, assign, or transact energy from the relevant energy asset
- The asset details, capacity, generation profile, meter data, ownership details, and approvals submitted by you are true and complete
- You will comply with all applicable solar, open access, net-metering, captive, group captive, renewable energy, safety, energy accounting, and DISCOM rules • You will not list energy that is already committed, sold, encumbered, or contractually restricted
- Any revenue displayed on CharzPe is indicative unless finally settled through the applicable billing, metering, DISCOM, or marketplace process

6. Marketplace Transactions

All bids, offers, matches, prices, transaction confirmations, and settlement outputs displayed on CharzPe may be subject to verification, technical feasibility, regulatory compliance, metering data, DISCOM approval, payment confirmation, and grid availability.

CharzPe may cancel, reverse, modify, hold, or reject any transaction if:

- The transaction violates applicable law, DISCOM rules, or regulatory directions •
- Required approvals, metering data, or user details are unavailable, incorrect, or unverifiable
- There is a system error, pricing error, duplicate transaction, fraud risk, or payment failure
- The transaction cannot be scheduled, accounted for, adjusted, or settled due to grid, metering, DISCOM, or regulatory constraints
- A buyer or seller is found to be ineligible or non-compliant

The final settlement of energy and money may differ from estimated values shown in the app.

7. Regulatory and DISCOM Dependency

Peer-to-peer energy transactions in India may be subject to central and state electricity laws, DISCOM rules, open access regulations, metering regulations, grid codes, renewable energy policies, net-metering rules, banking rules, and other regulatory requirements.

CharzPe does not guarantee that any transaction will be approved, scheduled, wheeled, banked, netted, adjusted, settled, or recognised by any DISCOM, regulator, load despatch centre, government authority, or other competent authority.

8. Metering, Data Accuracy, and Energy Accounting

Energy transactions may depend on smart meter data, net meter data, generation meter data, consumer meter data, inverter data, DISCOM billing data, manual readings, or third-party data sources.

You agree that:

- Meter readings and energy data may be delayed, estimated, corrected, or revised
- App-based dashboards are for user convenience and may not be the final basis for billing or settlement
- Final settlement may be based on DISCOM-approved meter data, billing data, or applicable regulatory methodology
- CharzPe is not responsible for errors caused by faulty meters, delayed meter readings, DISCOM data issues, connectivity issues, inverter errors, API failures, or incorrect user submissions

9. User Conduct

You agree not to:

- Use CharzPe for illegal, fraudulent, unauthorised, or non-compliant energy transactions
- Misrepresent ownership, generation capacity, consumption, meter data, DISCOM approvals, or payment details
- Manipulate prices, bids, offers, settlements, ratings, or marketplace outcomes
- Interfere with app security, APIs, software, systems, or networks
- Use bots, scraping tools, automated bidding systems, or unauthorised integrations without prior written approval
- Upload malware, harmful code, false documents, or misleading information
- Violate intellectual property rights, privacy rights, or applicable laws

10. Intellectual Property

All content, technology, software, algorithms, designs, logos, trademarks, workflows, dashboards, databases, text, graphics, reports, interfaces, and other materials on CharzPe are owned by or licensed to P2P Energy Trading Private Limited.

You may not copy, reproduce, reverse engineer, modify, distribute, commercially exploit, or create derivative works from CharzPe materials without our prior written consent.

11. Third-Party Services

CharzPe may integrate with third-party services, including DISCOM systems, payment gateways, KYC providers, cloud services, meter data providers, analytics tools, map services, communication providers, and regulatory portals.

We are not responsible for the availability, accuracy, security, policies, charges, or actions of third-party platforms.

12. No Warranty

CharzPe is provided on an “as is” and “as available” basis.

We do not guarantee uninterrupted access, error-free operation, successful transactions, specific earnings, specific savings, energy availability, grid availability, regulatory approval, or DISCOM settlement.

13. Limitation of Liability

To the fullest extent permitted by law, P2P Energy Trading Private Limited shall not be liable for indirect, incidental, special, consequential, punitive, or exemplary damages, including loss of profits, loss of savings, loss of energy revenue, loss of business, loss of data, regulatory penalties, DISCOM disputes, grid failures, or payment delays.

Our total liability for any claim shall not exceed the platform fees actually paid by you to CharzPe for the specific transaction giving rise to the claim, unless a higher liability is mandatorily imposed by law.

14. Indemnity

You agree to indemnify and hold harmless P2P Energy Trading Private Limited, its directors, employees, officers, agents, vendors, partners, and affiliates from any claims, losses, damages, penalties, liabilities, costs, or expenses arising from:

- Your breach of these Terms & Conditions
- False, incomplete, or misleading information provided by you
- Non-compliance with DISCOM, regulatory, tax, safety, or electricity rules
- Fraudulent or unauthorised transactions
- Disputes relating to ownership, installation, operation, or legality of your energy asset
- Violation of third-party rights or applicable laws

15. Suspension and Termination

We may suspend, restrict, or terminate your account or access to CharzPe if:

- You violate these Terms & Conditions
- Your information cannot be verified
- Required approvals are denied, withdrawn, suspended, or expired
- Fraud, misuse, market manipulation, payment default, or security risk is suspected
- We are directed to do so by a DISCOM, regulator, court, government authority, or law enforcement agency

Termination will not affect obligations already incurred, including payments, settlements, taxes, indemnities, and dispute-resolution obligations.

16. Governing Law and Jurisdiction

These Terms & Conditions shall be governed by the laws of India.

Subject to applicable law, courts at **Noida, Uttar Pradesh** shall have exclusive jurisdiction over disputes arising from or relating to CharzPe, its services, transactions, or marketplace operations.

17. Updates to Terms

We may update these Terms & Conditions from time to time. Updated terms will be posted on the CharzPe app or website with the revised “Last Updated” date.

Continued use of CharzPe after such update shall mean that you have accepted the revised
